Rev Mike & Nicky-Sue Terry, The Vicarage, 113 Church Rd, Warsash, Southampton, Hants SO31 9GF. ☎01489-808296. The AMCF European Leaders' Retreat was held at Church House, Lübbecke, Germany from 31st Jan - 11th Feb. There were 47 delegates from 21 nations, including Sweden, Italy, Russia, Ukraine, Portugal and the USA. We were also privileged to welcome one new MCF to the AMCF family. Our theme was 'Old Foundations, New Beginnings' based on Jeremiah 6:16a – *'Stand at the crossroads and look – ask for the ancient paths, ask where the good way is and walk in it and you will find rest for your souls.'* The aim of the weekend was to give MCF leaders time & space to stand & look at what God has already done in their nation & fellowship, then spend time listening to where He might want them to go in the future. It was a fruitful time and at the end of the weekend each delegate was able to write long & short-term objectives for their own fellowship. We look forward to see what God will do in Europe next! <mike@terry-home.co.uk>

Dick & Linda Barnes, 5252 Candy Root Ct, Columbia, MD, 21045 USA. We participated in the AMCF European Leaders' Retreat at Church House which included opportunities for prayer & praise, formal presentations & group activities plus time for informal discussions. It provided an opportunity for us to see many long-time friends, as well as develop new friendships. Afterwards, we visited friends in Hamburg & Bavaria, as well as Belgium, before returning to

Washington International Airport, where our son Jonathan picked us up. <richardhbarnes@cs.com>

Silvio Di Filippantonio, via Castelvetrano 22, 00133 Roma, Italy. An Italian view of Lübbecke: This year's theme of 'Old foundations - New beginnings'. Enabled delegates to reflect on their spiritual history; consider foundations already laid in their nation & seek God in prayer together for their next step. There were some interesting results! I didn't know the reason behind the Portuguese voyages of discovery was to spread the Gospel & not to gain empire or wealth! We considered how spiritual leaders matured by studying the examples of Moses & Joshua, Paul & Timothy. We discussed how to co-ordinate our work more closely particularly between MMI and ACCTS. Praying together was an important part of this conference & delegates met in small groups to pray & discuss hopes for their MCFs over the next 5-7 years. We were glad to welcome Major General Roddy Porter among us as the CEO/TL designate for MMI and it was a joy to present a Certificate Association to the leaders of the MCF Kosovo, which was formed last year. As ever, our Sunday Communion and the fellowship around meals were vital parts of the mix. <silvius10@libero.it>

L-R James & Lorna McMullen, Mary & Paddy Mallon

James & Lorna McMullen, Woods Cottage, Manor Lane, Gotherington, Cheltenham, Gloucestershire GL52 9QX. When Lorna & I were in Sheffield visiting my brother, we were delighted to drop in on Paddy & Mary Mallon & go out for a meal with them. It was a time of fellowship & great blessing, renewing our friendship after many years; sharing memories of NCF houseparties long ago; of when Paddy & I were in Ark Royal in 1975 - and how the Lord has been leading us in the years since. <cjmcmullen@btinternet.com>

Mark & Elizabeth Axton, 10 Gardeners Place, Chartham Canterbury, Kent CT4 7TR. ☎01227-637175. Greetings from Australia where I'm visiting my daughter in Black Rock. Lizzie didn't come with me as it was too long a journey but we speak each day on FaceTime. Black Rock has some Naval history. Its break-water is formed by the wreck of HMAS Cerberus, formally HMVS Cerberus - the first Breastwork Monitor built in Britain 1868/9 & arrived in Port Philip in 1871 to protect gold rich colony of Victoria. A Breastwork Monitor was a type of ship originated by Sir Edward Reed, the Chief Constructor of the Royal Navy between 1863 & 1870. When I booked my visit here I planned to see John Shepherd of course. On 13th February I'm going over to New Zealand for a few days to visit his widow Kath. Her new email address is <kmshepherd42@gmail.com>. Kath remembers quite a few AMs & would like to

continue receiving the AMs News. I get back to the UK on 7th March and Lizzie & I look forward to seeing you all at the Liphook Hello Day but not sure if George Bunker will be travelling with us this time.

Paul & Amanda Hillyard, 12 Furdies, Hunters Grange, Denmead, Hants PO7 6YT. ☎02392-251778. Amanda writes We are both well & loving life to the full. Paul has fond memories of the ship visiting Campbeltown & Marion Craig's hospitality all those years ago. Our Naomi & Adam with their respective spouses live locally & we have four Grandchildren that keep us busy. Sadly I have not flown since 2012. My priorities changed after Paul was diagnosed with prostate cancer & I needed to focus on him & his recovery. Last July he had his five-year 'All clear', so God has been very gracious. Last July I took early retirement from teaching after 23 years of loving every minute but being at perfect peace, knowing the time was right to start a new chapter in my life. Paul & I now have time to travel, spend more time with the family & I'm going to become a Chaplains' Assistant at the Queen Alexandra Hospital in Cosham. <amandahilly@aol.com>

Miss Katherine Bell, 'Plen', Cury, Churchtown, Helston, Cornwall TR12 7BW. I can't believe it's time to go back to Chile on 26th February. It has been a fantastic two months here catching up with friends, sharing with my church & being able to plan my wedding with my family. It's been lovely visiting some of my favourite places & walking my dog. I've been blessed having an opportunity to work a few shifts for a local Christian café run by adults with learning difficulties. On the 4th February I had a presentation in Fore Street Baptist Church; I fly to Scotland with my sister on the 8th to see my Glasgow family. Wedding planning at a distance has been challenging & being away from my fiancé Pancho has been difficult & I've not been able to promote upcoming school courses in Chile. My work in Chile is a team effort - involving people around the world praying with me & supporting me emotionally; individuals & churches generously financing the work. Please pray for • My remaining time in the UK with family & church • Safe travel back to Chile • Smooth return to work & routine • Sufficient finances to continue working in the school. <katherine.bell@om.org>

David Carter, 18 Surbiton Hill Park, Surbiton, KT5 8ET. ☎02083-905894. I would be pleased to hear from any Ancient Mariners who served in the Adriatic during WW2. On 15th April, the Croatian Broadcasting Service are sending a team to the next meeting of our Coastal Forces Veterans Association and want to interview veterans who served in the former Yugoslavia, particularly those who were based in Vis. <cdcarter263@hotmail.com>

Frank & Ann Andrews, Cartmel, 14 St Nicholas Grove, Wrea Green, Preston, Lanc PR4 2WB. ☎01772-685427. There were many old friends to read about in the January AMs news - Ivor Henry, Richard & Rosalind Meryon, Malcolm McCall and John & Netty Shea. I think John was the first person I met in NCF about 1986. I've seen Robin Figg a couple of times since he & Elizabeth moved to Warton & I recently celebrated my 70th birthday & guess if I'm that much older, then everyone else must be too. <frabaa@blueyonder.co.uk>

Obituary

Mrs Irene F. Hogg, of 68 Hewett Road, North End, Portsmouth Hants PO2 0QS, died on 25th January aged 85. Her committal at Copnor Crematorium is at 1300 on Monday, 5th March and a Service of Remembrance at 1400 the same day at Copnor Methodist Church, 163 Copnor Road at the junction of Copnor Road Epworth Road in Portsmouth. [Ed: Irene was the widow of Andrew Hogg, a Warrant Officer Cook who had been awarded the MBE. Andy left the navy in 1986 & they celebrated their 50th wedding anniversary on 18th July 2003. Our condolences go to their son Steven and his three sisters.]

Bob Craig, 1 Craigowrie Place, Aviemore, Highlands, PH22 1UA. Scotland. ☎07778-353794. Marion, my dear wife of 55 years, went to be with the Lord Jesus on 24th November 2017. She died peacefully in Raigmore Hospital, Inverness after a recurrence of interstitial pneumonia which had troubled her on & off for the last few years. She counted it a great privilege to provide hospitality to many members of NCF and AFCU in our home Ferndean, until we moved from Campbeltown. The last of these was a memorable visit by Laurie Brokenshire & Ian Bartholomew who were there together for a Sea Cadet inspection. As a means of thanks for all the messages of sympathy I've received, I have put together a CD with recordings taken from LPs which Marion had on general release many years ago. I've called this CD, 'Thy Kingdom Come'. It consists of sacred songs, hymns & arias from The Messiah and Elijah. If you remember Marion's glorious contralto voice and would like a copy, let me know and I'll be happy to post one to you or e-mail the contents. <rhcraig@btconnect.com>

[Ed: Bob served in the RNVR as a LtCdr. He & Marion were on the NCF Hospitality List & amongst others they welcomed in 1992 was CPOWEA Paul Hillyard when he was serving on board HMS CAMPBELTOWN!]

Cliff Fowler, 'Tudor Lodge' 47 Tudor Way, Worcester, WR2 5QL. I'm now aged 84 and handicapped with osteoarthritis in my feet and now my hands. Taking part in activities is becoming increasingly difficult and since my wife Sylvia was taken home by our Lord ten months ago, the desire to do things on my own has diminished. I'm very grateful for the opportunity I've had to meet know so many people associated with NCF since Sylvia started work in the NCF Office at 2B South Street, Gosport in the mid 1970s. I am thankful for the love and friendship and look back on those times with affection. <yianisam@hotmail.com>

Ken Taylor, 3 Leventhorpe Court, Gosport, PO12 1NX. ☎02392-525661. In December I was seriously ill with a virus and taken to Gosport War Memorial Hospital. On discharge I was looked after by a 'Carer'. Although I'm now unable to write, the Church Army would like me to consider working with them which would require more study & involve ordination. [Ed: Beryl worked as a librarian at CENTURION. Ken served as an RN Lay Reader during his time as a Steward 1965-87 and afterwards worked at Whale Island & in the Guildhall, Portsmouth.]

News from the Plymouth area: Mrs Lyn Green, now safely home in Plymstock, was recently in Derriford Hospital where Mrs Libby Stracey visited her from Saltash. Lyn's son Brian who lives in Plymouth, is now an 'Aggies' Pastoral Worker with 42 Cdo at RM Bickleigh.

At Salisbury Baptist Church at the celebration of the life of Betty Parish

L-R: Rev Roland Wort, Douglas Parish, Jean and Brian Parker

Douglas Parish, 27 Whitebridge Road, Laverstock, Salisbury, Wilts SP1 1QA. ☎01722-324376. I'm both sorry and glad to tell you that my wife Betty went to be with her Lord on 12th February. Alison, Alistair & I were with her. I'm 'sorry' for myself & family, but not of course for her. She had been in hospital since early December and we hoped she would be well enough to move into a retirement home. At 97 and after 70+ years of marriage she has earned her rest. We shall miss her but are glad her passing was peaceful. The Thanksgiving Service was at Salisbury Baptist Church on 26th February, After a family cremation service.

Rev Roland Wort, 86 Buriton Rd, Harestock, Winchester Hants, SO22 6JD. ☎01962-883869. When Douglas Parish was an Air Engineer, he & Betty were active members of NCF. Betty's funeral went well & a large congregation gathered for the thanksgiving service. Various tributes were made by family & friends and the overwhelming theme was Betty's firm Christian faith, her gracious & godly demeanour and her warm gift of hospitality and friendship. Truly a lovely lady who was very helpful to me in my early Christian years in the 1970s. I'm currently serving as Associate Minister at Salisbury Baptist Church where we've been in interregnum for the past 17 months so in retirement

from the RN I'm certainly not sitting in the deckchair in the garden!

[Ed: Glad to hear that Roland - as it's snowing here today!]

Brian & Jean Parker, The Willows, St Cleers, Somerton, Somerset TA11 6HL. ☎01458-272203. Just back from Salisbury where a full Salisbury Baptist Church celebrated the life of Betty Parish. Only NCF types present where Rev Roland Wort, Jean, me and of course Douglas Our base remains St Cleers Chapel, Somerton & keeps us busy running a home group, toddler team, organising lunch club, messy church team, prayer groups and occasional speaking commitments.

Vic & Helen Vivian, 12 Deepdale Rd, Wollaton, Nottingham, NG8 2FU. ☎ 01159-283954. Helen's Dad in Sidmouth recently celebrated his 90th birthday. It was lovely to have Christopher & Kate home briefly for Kate's Dad's 80th birthday in Suffolk & my 80th party in Nottingham. Our grand-daughter Charlotte's engagement to Peter Champney last week was an unexpected bonus. Canon Andrew White, formerly Vicar of Baghdad is speaking at Christchurch, Chilwell, on Sunday March 4th. Our grandson Jacob who is working with him this year and will be coming up from Liphook for the day. <vicvivian@icloud.com>

*Ian Bartholomew now recovered sufficiently
to help himself from a tin of biscuits*

Mrs Anna Bartholomew, 41 Charles Way, Limekilns, Dunfermline, Fife KY1 3LH. ☎01383-873232. I give thanks for all who walk this long valley with us and am encouraged that last month Ian was watching a 30 minute documentary of John Stott's Falkland Islands & Antarctic visit in the 1990's. He concentrated throughout & engaged with the moving photos of familiar territory & wildlife. I decided to make him stretch to reach mini cheddar biscuits in a wee tin on his table tray and after ten minutes of this activity he slowly but surely ate through the packet! During our time together we pray, read God's precious Word & worship Him. I was dancing around, singing a chorus from Psalm 108 *'Through our God we shall do valiantly'* and Ian was in his chair bopping his head in time to the rhythm & saying *'Christ is King'* emphatically & repeatedly with me as I sang.

Richard & Margaret Blake, 8 Bassett Crescent East, Bassett, Southampton, Hants SO16 7PB. ☎02380-768153 I've enjoyed the AMs News & other historical material. I found the Luther articles stimulating & felt inspired to give a short 'dramatised' enactment using some of the scripted words for a short service for elderly home-bound folk and their care staff. They seemed to enjoy it – so thanks for the help unknowingly provided for this event!

Mrs Elisabeth Cooling, 42 Chipping Cross, Clevedon, North Somerset BS21. ☎01275-876754. I'm still in touch with several AMs & have a Tablet which enables me to get church news, family news and Face-book photos. I keep well but live a fairly restricted existence - my mobility is impaired these days and I don't drive. My daughter Jane & her husband Peter who have both just retired are moving to Locks Heath in February and I expect they will bump into Naval friends as Peter is very much into sailing. My late husband David & I enjoyed working for RSR and that period of our lives was most rewarding. <liz.cooling@gmail.com>

[Ed: David & Elizabeth were RSR Missioners in Devonport, in 1979, then took charge of 'The RSR Cottage' in Northover, Ilchester before looking after the RSR work in Ferry Toll Rd, Rosyth from 1981. They then did deputation work for RSR before retiring in 1994.)

David & Margaret Shaw, 150 Mayfield Road, North End, Portsmouth PO2 0RF. ☎02392-655058. As we feel this to be the right time to relinquish our contact with NCF please pass on our Christian greetings to all our good friends in the fellowship via the AMs News. We have been encouraged and blest by their prayers and fellowship over the years. [Ed: David & Margaret were Missioners with RSR for many years. In 1985 they were serving the Lord in the Albert Road Rest, Devonport before moving to the work in St Budeaux, Plymouth. By 1992 they were with RSR at the Rowner Rest in Gosport and retired from 'Aggies' in 2000.]

Miss Margaret Bishton, 49 Athena Ave, Crookhorn, Portsmouth, Hants PO7 8AE. ☎02392-233603. On the morning of 10th March I hope to say 'Hello' to everyone at Liphook but have a baptism to attend at my church & need to be there by 1300. I work as an Occupational therapy assistant in mental health & hope to reduce my hours from 30 to 21 three days a week, then fully retire in August 2019. I'm not sure what I'm going to do when I retire - probably nothing - for a while! However, this May I'm going to the Holy Land for a week with McCabe tours. 'Jack' my toy poodle is now ten years old. <scrubbedup@sky.com>

[Ed: Margaret was in the WRNS from 1973 to 1982. She joined NCF while at HMS Caledonia, in Rosyth & left the Navy as a Leading Wren having served at NELSON, EXCELLENT & DRYAD then took civilian employment as a Police Matron.]

Nigel Godfrey, 'at sea' ☎07802-475602. (Home address: 30 Bryngwyn, Watford Farm, Caerphilly, CF83 1ET, Wales). Boulders dropped by a passing glacier a few years ago have become a job creation scheme for me! A large offshore wind farm is being developed 90 miles off Grimsby - and legs need to be lowered for a jack up. If one leg hit a boulder it could cause tip-over - which would be very bad, so a survey was done to find them & now we are tasked to remove these boulders with a grabber. Peter Davey was able to come for two weeks as the day shift surveyor and was most welcome! Our fellowship gave me 'space' where I was able to deepen my relationship with Jesus - and turn a corner with regard to prayer. God is Sovereign, His Timing is perfect! The January AM's news reminded me of a letter from Felicity Heal several years ago, encouraging me to write in to the NCF Newsletter 'as it's read by real prayer bosuns' - and Peter coming on board at that juncture feels providential. We both left Grimsby by car on 7th/8th February. Then, as a result of emailing Ivor Henry, I've had a reply of Pauline dimensions! I recall receiving similar epistles when at sea. Here is a little of what Ivor wrote to me this time.

<nigelgodfrey@ymail.com>

Ivor Henry, 4 Ashdale, Coleraine, Co Londonderry BT52 2DD. N.Ireland. ☎02870-329238. (His letter to Nigel Godfrey) Hi Nigel, The Joy of the Lord comes as a result of putting Jesus first, Others second & Ourselves last. You are where you are now by God's appointment so surrender yourself to Him & let Him have His way. The fact that Peter Davey is there too is no coincidence but a God incidence, so rejoice & look forward to all that the Lord has for you. The Lord recalls to me things from the past. I cannot forget how He led me from the day He saved me in a messdeck in HMS Dryad in July 1969, up to the present. He brought many people across my path & every one of them for a reason. Mike Bradley is one I think of often & it is no coincidence that you mentioned him in your e-mail. I remember the first time I met Mike was on my Friday night visits to Raleigh to pick up lads for indoor football at the Royal Sailors' Rest. I went into his mess deck and asked if there were any who wanted to come & play at the Rest. As I left, this lad followed me out and said he was a Christian. He came over that evening but did not play football. We sat & shared together. The next time you are in contact with him please pass on my regards, give him my e-mail address & say I would love to hear from him.

I spent sometime in the Royal Naval Reserve on HMS Caroline which is now a Museum ship in Belfast, well worth a visit. There is a video on youtube about the Wrens on Caroline <https://youtu.be/v7p2XWPZtG8>. I've now retired from work so have more time to correspond with friends & catch up with family. Hugh & Margaret Mathias live Banbury, Co Down a few miles from where I was brought up, so it's great to call in to see them from time to time, when going to visit my Mother. I'm privileged to attend a local church here in Carryduff, <https://en-gb.facebook.com/carryduffpc>. Thank you for the AMs News over the years. I often remember the Fellowship motto text, '*Trust in the LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths*'. Proverbs 3:5&6 is one of my favourites.

Mrs Thelma Phillips, 4 Exmouth Rd, Elson, Gosport, PO12 4EX. Although I now find it difficult to move about we have had the front steps modified and handrails put in which enables me to get out with my rollator walker without David having to catch me at the bottom! We manage to go to West End Chapel on Sunday mornings and I go to the ladies Fellowship on Wednesday afternoons. My daughter Alison, her husband Rob White and family came to see us after Christmas. Their middle son Dan who works for the NHS is married to Kate and they live just outside Bristol. Rob lodges with them during the week while he does work for the Navy. Captain Brian Sloan, YWAM Next Wave, 6 Highfield Oval, Harpenden, Herts AL5 4BX. Since 2007, the 42-metre sail training vessel s/y Next Wave has been serving YWAM & has sailed to Norway, Ireland, Ukraine & Israel, visited most countries between, run annual Discipleship Training School (DTS) & trained young people towards marine qualifications. Outreach teams of crew, church or YWAM members have undertaken port city evangelistic campaigns & the vessel has hosted YWAM Bible schools, done evangelism training, run a 3-month training programme for Chinese missionaries in Tunisia and a two-year internship & leadership development programme. Graduates then pioneer or strengthen YWAM ministries. The Greek Refugee crisis started in October 2015 while s/y Next Wave was sailing from Sicily to Greece with a DTS onboard & a team from YWAM Biarritz co-ordinated efforts on the island of Lesbos - epicenter for the arrival of refugees from Turkey. At the beginning of 2016, s/y Next Wave sailed to Lesbos & the YWAM team there declared her an 'answer to their prayers!' The vessel became the hub for Christians working on the island and co-ordinating help for thousands of refugees, passing through to refugee camps. As refugee numbers increased, s/y Next Wave remained in Lesbos. In spring 2017 the School of Navigation & Seamanship (SoNS) was started onboard with a second in 2018 to train new crews for the growing YWAM fleet serving the poor & needy around the world. While the vessel was housing refugee camp volunteers, opportunity to complete deep maintenance resulted in a near two-year refit, including removal of wooden masts & bow sprit and the purchase of three cedar trees to carve new masts. With a faithful group of skilled volunteers, we plan to complete the refit & install the new masts by March 2018 among many other jobs. The vessel should then be ready for the spring SoNS and a Bluewater DTS that will follow in July - all training up much needed crew for our mission ships. However, to complete this work, we need to raise extra funds. The more we can raise the more we can achieve in this refit cycle. Would you consider giving a gift towards this critical refit? If we raise £40,000, we could complete all the jobs in our list! Our vision as YWAM Next Wave is to train, disciple & release the next generation of God fearing, people loving, and sailing passionate missionaries to go where no missionary has gone before. Working as a team, we have learned we can achieve much and bless many of the 'isolated and forgotten'. Please join us in this combined effort, so we can continue to spread God's love to the forgotten nations of the world!

Rev Howard Drysdale, Aberdeen Seafarers Centre, 56, Bon Accord St, Aberdeen, AB11 6EL. ☎ 07754-141076. So much has happened since my wife Anne died on 17th January. The retiring collection after her Celebration Service was over £1,000 for which I thank all who contributed. This generous donation was given to Orchard Brae School which caters for children with additional support needs. They were delighted to receive it. Many forms/letters/trips here & there to inform folks & process official 'requirements' have been tackled & thankfully, mostly completed and I've returned to 'normal' working hours (is there such a thing for a chaplain?) I want to thank everyone who took time to write a note, send a card, post a comment or call to offer their condolences. This has been a source of great comfort & support during these days of adjustment for me and the family as we endeavour to establish a new 'routine' without Anne at the helm! I want to look forward & not backward and '*press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus!*' Philippians 3:14. The past cannot be undone; tomorrow may never come, so why worry about that? The present is here & certain; a gift from God – which is why it is called the present! My volunteers at the Centre truly held the fort during my absence & lived up to being winners of the Queen's Award for Voluntary Service! We're recruiting more volunteers so if you live in the Aberdeen Area, please get in touch! Much is happening here & tomorrow we have a Fire Inspection and HSE (the Health & Safety Executive is responsible for encouragement, regulation & enforcement of workplace health, safety & welfare...) If it is good enough for seafarers, then it is good enough for seafarers centres!! Haha! Friday 9th February will be our third Sea-Shed gathering for retired & unemployed seafarers. They've been great times & many a sea story has been recounted!! Lots of fun and laughter... and there's a free lunch tab-nabs too! They've also enjoyed having use of free iPads to get a hold on using modern technology & the Internet. So if you're a retired or unemployed seafarer please come along at 1000 for a few hours but let me know in advance so I can get the food in! We are looking to recruit another Chaplain have a spring clean of the Centre... otherwise, it's 'normal routine' of ship visits, meetings, talks & paperwork!

I am not so well but we thank the Lord for each day and have just completed 57 years of happily married life. New Life Church meets every Sunday in Blackboys Village Hall at 1030 for tea & cakes followed by a service from 11 to midday. On the last Sunday of every month we have an All-Age service which is followed by a meal together. We are members of the South East Baptist Association and our pastor is Revd Guy Partridge. I was recently encouraged when our friend John Iles approached me about submitting our Asurini Mark's Gospel and grammatical structure to be archived in the Cambridge University Library where it can continue to be used. And through Christ, our 'Amen' (which means 'Yes') ascends to God for his glory. 2 Corinthians 1:20 New Living Translation - what more do we need!

*Bishop Tim speaks to Rev Sarah Hayes in
St Mary's Church Horsell, Woking*

Bishop Tim visited the UK from 10th -20th February & stayed with Christopher & Mary Mather in Woking. He had a preaching engagement in East Finchley; made contact with supporters of his Butere Diocese; was able to keep appointments in London and visit his eldest son Tim (jr) at Leeds University and his middle son Okari at Brunel University, Uxbridge. Tim & Gertrude's youngest son David who is completing his schooling in Kenya, hopes to begin training as a chef in Switzerland. Tim asks your prayers for the Cathedral which is being built in Butere. Work has already started on the foundations and funds are needed as building progresses. Please pray for the sixteen students preparing for ordination who have begun their first of three years' study at three different universities in Nairobi and Uganda. Prayer is also requested for the proposed Development Project of shops to be set up in business units aimed at raising funds for the Butere Diocese. The 'Cow Project' with help from the Diocese of Derry & Raphoe in Ireland is going ahead & will enable pastors to provide fresh milk for their families as well as sell what they do not need.

I notice that now, when I am hobbling along with my old stick, I can at least hobble a straight course - as everybody gets out of the way of old guys with sticks! In January 2017 I visited relatives & friends in Auckland; in March I enjoyed movies in the French Film Festival; in April I cruised to the Orient including Hong Kong, Osaka, Hiroshima and disembarked at Yokohama. In June, a problem in my left eye was fixed with laser treatment; In August I enjoyed another trip to Auckland & movies from the NZ Film Festival. In late September I took my annual trip to Coolangatta (southernmost City of Gold Coast, Queensland, Australia, named after schooner Coolangatta wrecked there in 1846.) l-r: Steve Houghton & Alan Wade

Steve Houghton, Currently in the port of Douala, Cameroon, on the Gulf of Guinea, in Central Africa. I'm back on board the Hospital ship Africa Mercy, to serve for another three months. This time I'm the ship's Chief Electrician but find it hard work to maintain a ship this size with an electrical department of just three personnel. So I'm keen to encourage any ex-RN electricians out there to look at the Mercy Ships web site www.mercyships.org.uk and consider joining us in this great Christian work of offering help & healing to the needy people of Africa. Working on this ship is a rewarding & unique experience. Our field service in Cameroon will end in June followed by a short refit. Later in the year, the ship will move briefly to Senegal then spend some time in Guinea. French & Spanish warships have visited here & berthed close to us. Do we know any serving members or have a contact list of naval Christians in France & Spain?

<steve.hendra@yahoo.com>

[Ed: Alan Wade who is ex-RN, has been Chief Electrician on Mercy Ships for the last few months. He joined the RN as an apprentice in 1966 & left as a Chief Electrical Artificer. Before returning to the UK Alan handed over the job of Africa Mercy Chief Electrician to Steve Houghton who joined the RN as an apprentice in 1973 & worked on aircraft as a Chief Electrical Artificer (Technician). This is Steve's second term with Mercy Ships & will cover the time between Alan's departure and the arrival of a long term Chief Electrician in April. Together, Alan & Steve have over 63 years' experience of serving in the RN & strive to outdo each other swapping 'Sea Stories'. When it comes to the 'Africa Mercy', Steve admits he has a lot to learn but is up for the challenge. Alan has promised to return to help during the sail to Las Palmas & get the ship safely into refit in May & June this year.]

Simon & Nancy Warwick, 839 Twin Oaks Drive, Riverside, OH 45431 USA. Last September when the door was closed to the Fini area, we asked for prayer for a time & place to meet David so that we could continue translation of the Scriptures into Fini. We found an apartment in a country near to which David was taking a relative for medical treatment. He was able to meet us & crossed the border just in time... next day, that border was closed for several weeks! David & I worked on the story of Jonah, then Nancy took it to one of David's cousins who translated it back into the trade language. When places were found where the meaning was not clear, David & Simon re-translated them. We then checked the revised passages & believe we now have a good translation which has been sent for consultant checking. We praise God because this is the first time we have been able to submit anything for consultant checking! While we were away, Sarah kept the home front going. It was a pleasant surprise to have Stefan at home from the Army on Christmas leave & we went to the airport to see him off back to Fort Carson, Colorado. 1st Feb 2018. Nancy's mom Shirley had two mini strokes & ended up in hospital. 7th Feb she came home & is recovering but needs more help than usual. We've had good meetings via Skype with our translation consultant. 10th Feb. Shirley is doing well & her chair-lift makes getting around a lot easier. We've delayed our departure from Ohio to the Fini area until Feb 12th & shortened the trip. 13th Feb. The airline would not let us board our flight today & we are home now because as it looked as though we would spend over a month in the transit country from where we get the boat to the Fini area. Once we have a visa we'll get our tickets reissued. 23rd Feb. Made it to the port to board the boat for the last leg of journey. We should sail in the next 3 or 4 days. 1st March. I'm still waiting for the boat but Nancy has had to return home to Ohio to help look after her mom who needs increased care. I've had good contact with David via our secure link & we've been looking at the next passages that he worked on independently since we were together in December. I pray boat crossing details work well. Have had good meetings with our translation consultant via Skype & made arrangements for checking our ongoing translation work. I should be home in time for Easter & our son Stefan has been promoted to PFC (E3). <simnan.warwick@gmail.com>

John & Claire Wadsworth with Eagles Mount Adventures in the Far East. news via Roger Bartlett - who says: 'a BIG thank you to those who supported the EMA Christmas Gift appeal. As a result of your kindness, a good sum is being sent to Claire & John for distribution to those in need. John has found a replacement vehicle & paid a deposit. The cost includes insurance & registration. John got a good price in part exchange for the old vehicle & EMA UK received donations, for which the trustees and the EMA team are grateful. Thank you again for your financial support and for your prayers as the family come to terms with the loss of John's Dad. This is the time of year when visa renewals are required so we hope these will be issued without difficulty. The Counselling business is in the process of being set up & we hope to share more in the next update from Claire, who says, 'Please remember John who flew to the UK in January to help his sister with arrangements and to sort the family home after the sudden passing of their Dad. There is much to finalise, as it was only a few months ago that they lost their Mum. Meanwhile, the Christmas event at the centre for children with Cerebral Palsy went well & fund raising through 'the EMA Christmas Gift' appeal enabled me to take lovely new backpacks filled with school supplies & a warm scarf to the students in the villages. We thank everyone who raised funds for petrol, chickens & Bibles & enabled us to provide homes with blankets & warm knitted clothes. EMA has run a Marriage Enrichment course. It was a hard start with many problems but now on our 5th week, it is good to see couples communicating better & actually starting to laugh together! I've been to the streets where prostitutes work. At Christmas, we gave facial product gifts & Good News tracts. We were invited to have dinner in one brothel. Sitting in the brothel laughing with the girls as we shared a hot-pot meal - that was a first for me! He works in mysterious ways! The following week the Madam came to church & was greatly touched. I've been teaching more Sand-tray training sessions. It's exciting to see local counsellors understand this tool for helping others gain perspective on their lives. In March a friend & I will be travelling North to train more counsellors. I see clients in the team base & am privileged to listen to those sharing their difficulties, then being able to journey with them. Sadly I'm sent teenagers who have suicidal thoughts. Most do not seek help sooner for fear of losing face. We have been invited to run a village camp in a new area. Unfortunately we are unable to attend but are writing a programme & we will train locals to run the camp. Because of the generosity of many, the team have taken possession of their new vehicle - and we thank everyone who has made this possible.' www.eaglesmountadventures.org.uk

God said, 'My grace is all you need. My power works best in weakness...' 2 Corinthians 12:9

*He giveth more grace when the burdens grow greater,
He sendeth more strength when the labours increase;*

*To added affliction he addeth His mercies,
To multiplied trials His multiplied peace.*

*When we have exhausted our store of endurance,
When our strength has failed ere the day is half done,
When we reach the end of our hoarded resources*

Robert Denning, 45/1-2, Chiangmai-Sankamphaeng Rd.km7
San Kampaeng, Chiangmai 50130, Thailand. I'm currently teaching Christian Education at Dara Academy and helping Patrick Vickers RN (Ret) with the mission ship IXDOS in Phuket. The ship's engine has recently been installed & we hope for launch at Phuket Island Marina.
www.missionship.com.https://youtu.be/6tNVwKxRR2E.

Patrick Vickers says: The project is to build 'Ixdos' a small sailing ship with an auxiliary engine - we call it a Medical Ship. It will carry trained personnel, such as a doctor, nurse, teacher to wherever needed around islands of the world, to provide vaccines in accordance with the United Nations Children's Fund (UNICEF) campaign to vaccinate every child in the world. The vision of IXDOS came when working in Milne Bay, Papua New Guinea & I was reminded how mission schooners used to operate carrying medicine, people & goods between the islands. Schooners have gone but problems remain, as I discovered while working for the PNG Health Service. I approached the local UNICEF office who were overjoyed at the prospect of a new health mission ship. Returning home, I realised perhaps I was the right person in the right place at the right time. My background as a seaman, plus project & construction experience could improve the lot of deprived islanders. Then came opportunity to teach in an international school in Phuket, Thailand. I found a naval architect, sourced steel & materials, started building - and a host of friends & students joined in. We align ourselves with the UNICEF Cold Chain Mission whose vision is that "every individual in the world will be able to benefit from vaccines of assured quality, delivered in the right amount, at the right time through combination of efficient logistics, proper vaccine management & a well-functioning 'cold chain'

system of uninterrupted deliveries of the vaccines, between which they are kept at proper temperature." Millions of children are never given 'proper child vaccinations'. After securing agreement with government health ministries & in order to administer childhood inoculations, in co-operation with UNICEF & Rotary International, IXDOS will transport a health clinic with appropriate professional staff to remote islands. It will also carry a fully staffed Mother & Child clinic. We anticipate our first health missions will be in Papua New Guinea and Burma. As we near completion of the ship our expenses are extreme. We cannot go through with the launch until vital systems have been completed which cannot be done under pressure. We have to continue our steady progress and launch with an engine in working order; steering gear functioning properly; anchors & windlass in place so that we can move out to anchor.
